Energy Upgrade California™ is a collaboration among California counties, cities, non-profit organizations, the state's investor-owned utilities, and publicly owned utilities. Funding for this effort comes from the American Recovery and Reinvestment Act (ARRA, also known as the federal stimulus funds), California utility ratepayers, and private contributions. Energy upgrade rebates are administered by participating utilities. This program may be modified or terminated without prior notice and rebates are provided to qualified customers on a first-come, first-served basis until program funds are no longer available. Southern California Gas Company, Southern California Edison®, Pacific Gas and Electric Company® and San Diego Gas & Electric® are not responsible for any goods or services selected by the customer. The trademarks and logos used herein are the property of their respective owners.
